PROFESSIONAL SUMMARY

An experienced and detail-oriented data analyst specialized in epidemiology and biostatistics, with a strong foundation in medical sciences. Proficient in applying deep learning and machine learning techniques with Python to conduct robust data analysis. Adept at advanced analytical methods and statistical software to manipulate and visualize large-scale datasets effectively. Skilled in crafting structured reports, maintaining websites, and extracting insights from complex datasets. Demonstrates strong communication, problem-solving, and possesses a proven ability to coordinate with multicultural stakeholders and effectively disseminate research findings at national conferences. Experienced in translational and implementation research, passionate about using data-driven approaches to address public health challenges and drive impactful solutions.

PROFESSIONAL EXPERIENCES

Center for Public Health Systems Science, MO, USA

Mar, 2023 – Present

Graduate Research Assistant

- Conducted extraction and cleaning of CDC's EHDI national data from 2007 to 2021 for 50 states and the District of Columbia.
- Developed and implemented a codebook of the collected data in the project.
- Performed statistical analysis to investigate the impact of sociodemographic factors on infant hearing loss cases.
- Utilized R Studio to analyze and visualize state performance across 51 parameters, including existing and newly created variables from CDC data.
- Contributed to website design and maintenance, ensuring public accessibility of data and visualizations at <https://ehdidata.wustl.edu/>
- Presented a 2-hour instructional session at the EHDI Conference 2024 to disseminate project outcomes, with the manuscript currently in progress.
- The manuscript is currently in progress.

Toriola Lab, Department of Surgery, MO, USA

May, 2023 – Aug, 2023

Graduate Student

- Led translational and implementation clinical study investigating the association of amino acids, carbohydrates, energy, and peptides on mammographic breast density, with the manuscript currently in progress.
- The study highlights the role of dietary metabolites in breast cancer prevention strategies.
- Analyzed and applied advanced statistical tests on the cleaned and imputed metabolomics dataset.
- Created tables, examined the interaction of race with density, and generated plots.
- Abstracted medical data from EPIC and stored in REDCap for the research study.
- Coordinated DUET Clinical trial to recruit and consent participants.

University Advancement, WashU, MO, USA

Sep, 2022 – Mar, 2023

Engagement Ambassador

- Successfully spearheaded fundraising efforts for the university, leveraging their generous donation to achieve fundraising goals.
- Utilized management and sales skills to build rapport with alumni donors.
- Engaged with Washington University alumni, parents, and friends, gaining valuable

insights into diverse perspectives.

Tata Memorial Centre, Bihar, India.

Feb, 2022 – Jun, 2022

District Technical Officer

- Led a 4-million population cancer screening program, organizing large-scale campaigns within the community to detect early-stage cancer for prompt intervention.
- Collected data and reported to higher authorities for cancer registries.
- Developed structured reports and documentation for program monitoring, as well as program feedback reports based on monitoring and evaluation data.

Physician Assistant

- Conducted patient assessments, obtained consents, provided medication counseling, and managed palliative care as a Physician Assistant to a Medical Oncologist.
- Demonstrated administrative and organizational abilities by managing follow-ups, administrative tasks, logistics, and inter/intra departmental coordination.
- Proficient in multitasking, time management, and prioritizing tasks efficiently in a fast-paced healthcare environment.

Tata Memorial Centre, U.P, India.

Apr, 2021 – Oct, 2021

Medical Officer

- Provided supervised patient care in COVID intensive care units and wards.
- Engaged in clinical research by interviewing participants, recording treatment outcomes, updating medical records, and scheduling appointments.
- Delivered comprehensive cancer care in outpatient departments and wards under supervision within the Head and Neck oncology department.
- Assisted in various surgical procedures and evaluated new and follow-up oral cancer cases in the outpatient department.

Max7 Hospital, Bihar, India.

Dec, 2020 – Mar, 2021

Resident

- Conducted patient assessment, provided supervised treatment and counselling in outpatient settings.
- Served as liaison for effective intra/interdepartmental coordination
- Participated in the departmental seminars and research meetings.
- Organised various Public outreach program on tobacco cessation.

Faculty of Dental Sciences, BHU. U.P, India

Dec, 2019 – Dec, 2020

Junior Resident

- Delivered patient treatment and care across all nine streams of dentistry, including the emergency department.
- Performed various oral surgical procedures under supervision.
- Provided supervised COVID care while actively participating in preventive measures.
- Conducted oral health check-up camps throughout the district for oral cancer screening, alongside multiple tobacco cessation campaigns.

EDUCATION

Brown School, Washington University in St. Louis

MO, USA

Master of Public Health (Epidemiology/Biostatistics)

Expected May, 2024

Brown School, Washington University in St. Louis

MO, USA

Artificial Intelligence and Big Data Analytics for Public Health (AIBDA) Expected May, 2024

Google Data Analytics Professional Certificate

Expected Jun, 2024

Institute of Medical Sciences, Banaras Hindu University
Bachelor of Dental Surgery (General Dentistry)

U.P, India
Oct, 2015 – Nov, 2019

Institute of Management Studies, Banaras Hindu University
Certificate course in Healthcare Management

U.P, India
Oct, 2018 – Jul, 2019

PROFESSIONAL PRESENTATION

- **5th Cancer Research Symposium, MO, USA** Nov 10, 2023
Poster- Carbohydrate, Energy and Peptide Metabolites and Mammographic Breast Density in Premenopausal Women.
- **Guest Lecturer to MPH students. MO, USA** Nov 14, 2023
Lecture on- Cluster Analysis
- **Early Hearing Detection & Intervention Conference 2024. CO, USA** Mar 17, 2024
Instructional Session- Exploring EHDI Data: Unveiling Novel Parameters for State-to-State Comparison.
- **Early Hearing Detection & Intervention Conference 2024. CO, USA** Mar 18, 2024
Poster- Key Metrics to Benchmark State-level Early Hearing Loss Detection and Intervention Programs.

LICENSES & CERTIFICATION

CITI Program Certification course with Human Research
HIPPA101 Privacy Compliance Training

Sep 2022 – Present
Jul 2022 – Present

COMMITTEES & BOARDS

Cell to Society, Brown School, WashU
President

Sep 2023 – Dec 2024

- Established the Cell to Society initiative for graduate students, providing a platform to discuss the implementation of scientific research in public health.

- Reinforced classroom education into personal and professional development of graduate students.
- Hosted monthly events where students can listen and engage in lively discussions with peers and guest speakers.

Graduate Impact Forum, Gephardt Institute

Sep 2022 – May 2023

Advisory Committee member

- Served as a board member of the Graduate Impact Forum to empower graduate and professional students for civic engagement.
- Contributed to monthly board meetings and helped plan and implement activities to achieve program goals.

VOLUNTEERING

Deshpande Foundation, U.P, India.

Jan 2017 – Mar 2020

Master Leader

- Led self-initiated leadership projects addressing community issues aligned with SDG 3 for 3 years.
- Executed 13 leadership projects addressing oral hygiene, mosquito-borne diseases, and other issues in underprivileged Varanasi communities.
- Promoted to Master Leader for successful community projects and received a 2-star appreciation certificate for 13 leadership initiatives.

SKILLS

| • R studio | • Deep Learning |
| • Stata | • Machine Learning |
| • SPSS | • SQL |
| • Tableau | • Microsoft Office |
| • Python | • Innovator & entrepreneur |

AWARDS & HONOURS

- Ranked top 4 finalist for the Inter-Institutional School of Diagnostic Innovation in Biodesign (SIB) Fellow program, fostering diagnostic innovation and entrepreneurship.
- Appointed as Indian Youth Delegation member to China in 2018, representing Indian youth internationally, organized by Government of India, and People's Republic of China.
- Awarded Brown School Global Health Scholarship to support MPH program.
- Achieved 1st Rank in Orthodontics and Dentofacial Orthopedics in 4th year BDS Professional examination.
- Attained distinction in Orthodontics & Dentofacial Orthopedics and Prosthodontics & Implantology in 4th year BDS Professional examination.
- Invited to the president's house of India to witness the Padma Award Ceremony as a winner of People's Padma Quiz 2018.
